

Indoor Air Quality & Home Comfort Solutions

HEALTHIER AIR | GREATER EFFICIENCY | A MORE COMFORTABLE HOME

DeltaTemp has been premier providers of heating and cooling since 1994. We proudly offer the Richmond-area with a variety of heating and cooling services for all makes and models as well as specialty services for Geothermal Heat Pump systems. We stand behind our quality work and products. Call us today!

We are ready to serve as your home comfort provider!

Honeywell ElitePRO Thermostat

The ElitePRO thermostat offers reliable performance, flexible system configuration and a large, easy-to-read display. It is designed for enhanced comfort control and works with a wide range of heating and cooling systems.

Honeywell T6 Non-WiFi Thermostat

The T6 non-WiFi thermostat provides simple, reliable comfort control with a modern design and easy-to-read display. It features programmable scheduling and precise temperature control for consistent comfort in your home.

Steam Humidifier

The 800 humidifier needs no additional accessories. Humidifier, control, dispersion tube and drain tube shipped complete. Drain water flushes with fresh water entrance. Unit will automatically signal when canister replacement required.

iWave Air Purifier

The iWave-r air purifier is a self-cleaning, bi-polarization air purifier. It is a compact, in-duct unit that produces positive and negative ions to actively purify the supply air, killing mold, bacteria and viruses on the coil and in the living space.

Aprilaire Air Purifier

This purifier features a painted steel cabinet and comes with an Allergy & Asthma Air Filter, which removes up to 99% of asthma triggers. That is more than 9 times the filtration area found in 1" filters.

Aprilaire Dehumidifier

The 1800 series are self-contained, whole home dehumidifiers capable of removing up to 130 pints of moisture per day with 60% relative humidity at 80F entering air temperature.

Surge Protector

A surge protector helps protect the most expensive operating equipment in your home from the damaging effects of momentary voltage spikes or other transient power surges.

EZ Traps

Built-in safety switch to prevent attic and basement flooding due to clogged

Overflow Switch

A must-have safety feature. The emergency drain pan overflow switch shuts off your HVAC system if water fills the emergency drain pan.

Hard Start Kit

A Hard Start Kit helps to protect your air conditioner from costly repairs. It can extend the life of your compressor by reducing the amount of time it takes for your compressor to start.

Locking Caps

These locking caps screw onto the service valve ports on refrigeration and AC/HP equipment to prevent leakage, deter access by unauthorized persons, and prevent accidental venting.

Coil Cleaning

Professional coil cleaning removes dirt, dust, and biological growth from your indoor or outdoor coil, improving airflow, efficiency and indoor air quality.

Blower Cleaning

Blower cleaning removes dust and debris from the blower wheel and housing, helping your system run more efficiently and delivering cleaner, healthier air throughout your home.

Drain Tablets

Drain tablets help prevent algae, mold and buildup in your condensate drain line, keeping it clear and flowing properly, reducing the risk of clogs and water damage.
